

CLAP Africa

Climate research Alumni and Postdocs in Africa Funding and Networking for Future Leaders in Climate Research and Protection

Join as
Alumnus/a

Climate change will have a significant impact on natural and human systems in Africa.

A better understanding of the future effects of climatic changes is crucial for African societies to find sustainable and suitable responses.

CLAP Africa brings high-potential African researchers in climate change research and protection together with African alumni of German funding initiatives. It seeks to catalyze uptake and use of research outputs through a vibrant, highly connected network to facilitate the development of regional solutions.

Join a vibrant community of researchers and experts

EMBARK IN JOINT CLIMATE RESEARCH ACTIVITIES

- Advance your knowledge in thematic working groups with other Alumni and Postdocs within your field
- Benefit from collaboration with distinguished German mentors

GIVE BACK YOUR KNOWLEDGE TO NEXT-GENERATION RESEARCHERS IN YOUR FIELD OF EXPERTISE

- Boost the outreach of your know-how and contribute to solving a pressing issue of our generation

GROW YOUR NETWORK

- Get to know your peers and connect with postdoctoral researchers, regional and international experts and practitioners

IMPROVE YOUR SKILLS THROUGH A TARGETED TRAINING PROGRAMME

- Increase your research impact through science policy advising and skills training

Who can join

- Alumni of German funding initiative (private or public)
- Employed in public sector, research, private sector, NGO
- Expertise in climate change and Agriculture, (Adapted) Land Use, Biodiversity, Food security, Marine Science, Human Security, Economics, Education, Energy, Informatics, Water security, Woodland and forest sustainability

How to join

- To best match your areas of expertise and interest to the postdoctoral projects, please send us your personal information, areas of expertise and interest and motivation via this survey
